ROCK PLANTS
and
PERENNIALS

Shoreway Nursery

JOHN OUDSHOORN, Prop.

Glassboro, N. J.

Phone: 147-R1

Introduction and Condition of Sale

The prices in this Catalog cancel all previous prices.

Our plants as listed are all strong field grown, except for some which we are growing in pots owing to root conditions. These plants being a better success from pots than from the field.

We do not ship plants we would not like to receive ourselves.

Our quality plants are the lowest by comparison.

They are guaranteed to be true to name except those usually raised from seed of which we buy the best and which generally come true.

OUR TERMS ARE:

30 days net on accounts of approved credit.

2% discount in 10 days.

3% discount for cash with order.

6% interest will be charged on all accounts past due.

Orders from unknown parties must be accompanied with cash or satisfactory references.

We do not charge for packing.

3 plants are shipped at the dozen rate.

25 plants are shipped at the 100 rate.

Orders to be sent via Parcel Post must be accompanied with sufficient money for postage, otherwise a C. O. D. will be made out for the deficiency, if no postage is sent, goods will be sent via Express.

Prices for more than 100 of one variety will be gladly quoted upon request.

LOCATION

Our Nursery is located on the West side of the Delsea Drive (N. J. Route 47), between Clayton and Glassboro.

Worthy Novelty Perennials

We continuously experiment with new varieties of perennials, and have selected the following as the most outstanding. Some of these are being offered for the first time at popular prices, while others are the most worthy of recent introductions. We strongly recommend that you make a planting of these special items. You will find them very valuable additions to your present assortment of perennials.

ACHILLEA

Doz. 100

***tomentosa sulphurea.** A beautiful new form of the well-known Achillea. tomentosa, but with pale yellow flowers which are produced in a much greater quantity during May and June. 8 in... 1.50 10.00

ASTER

***Star of Wartburg.** 12 inches. A showy spring-blooming Aster with large well-formed lilac-blue flowers with orange center. 1.50 10.00

BUDLEYA

†**Charming.** Develops into a Beautiful bushy plant, growing to a height of 5 to 6 ft., and almost the same in spread. Making a very striking plant in any landscape, flowering from the middle of June until frost. The flowers are a clear Lavender pink, an entirely new color, never before seen in Budleyas... 3.00 20.00

CHRYSANTHEMUM

†We have found it necessary to add these valuable plants to our collection, and after some consideration we decided to use only the best and the newest varieties, and to keep on adding only those which merit their places in our collection.

CUSHION MUMS

King Cushion. Bronze, turning yellow with age

Pink Cushion. The well-known Azalea-mum.

Queen Cushion. White.

Red Cushion. Red flowers.

Yellow Cushion. Pure golden yellow, very brilliant. 1.50 10.00

Aglow. Double bright orange flowers.

Apricot. Apricot color, well formed, full flowers, measuring 2½" across, growing 2½ feet tall. Good cut flower sort.

Astrid. Single pink with apricot, dwarf.

Barbara Cumming. Clear yellow in color, shading to orange-bronze toward the center.

Durbin. Large salmon pink, suffused with crimson, semi-double flowers, daisy type. Very attractive colors. Blooms measure 2½" across.

CHRYSANTHEMUMS (continued)

doz. 100

Julia. Gorgeous, large, delicate pink, full flower over 3" across. Petals are long, slightly stragly, has good lasting cut flower qualities. Height 2½ feet. We believe this variety will be popular for its beauty as well as an early sort.

Lovelight. Large pale pink duplex flowers.

Mary Youdath. A most striking color of Vivid Rose with a deep gold center, a pleasing combination. Dwarf and bushy habit. Vigorous grower.

Mrs. S. P. Rotan. Double brilliant golden yellow, shading to deep orange.

Pearl White. Very early white, flowers are small full, irregular, about 1" across, 12" high, bushy.

Pink Bouquet. Words cannot describe this exquisite and outstanding introduction. The flowers are a delicate pink, slightly edged with cream. The petals are large and wide, firm and well formed. Single type about 2" across, slightly cup-shaped. The growing habit is such that when it is in bloom, it is a well arranged, perfect Pink Bouquet of solid flowers. A real tree forming habit, grows 20" tall, vigorous, sturdy strong stems. Matures September 20. We firmly believe this will prove very valuable and popular, also making an excellent pot plant as well as cut flowers.

Pink Spoon. A pink 'Mum of an unusual type, each petal assumes the shape of a spoon.

Pygmy Gold. A distinct dwarf Korean pompon type, producing quantities of miniature blossoms slightly over 1" across. The color is a clear yellow, remarkable for its brilliance and intensity. Commencing to flower in early September, it is easily the most colorful early chrysanthemum yet introduced. Unusual also, because it retains its effectiveness right up until the season ends. Grouping in the rock garden or yard border or used for edging, it will prove the delight of the Autumn.

Rapture. Double deep orange flowers with a lively suffusion of bright carmine.

Sally. Beautiful pink, full flowers, suffused with rose with a slight touch of cream at the center. A very pleasing combination. Bushy and vigorous grower. Fine for cut flowers.

CHRYSANTHEMUMS (continued) doz. 100

Sequoia. Double blooms of a mellow amber.

The Chief. Semi-double, bright scarlet and gold.

Vesta. A plant of medium beight and great vigor, literally covered with flowers over 2½" in diameter of a deep golden orange shade, almost a duplex.

Youdath's Pride. A distinct variety and one of the most outstanding introductions. An early orange bronze, the earliest bronze yet on the market. The flowers are perfect in form, color, shape and habit. Measuring 1¾" in diameter. The petals are compact and of straight and firm habit, yet it appears to be so tenderly graceful. With us it begins to bloom September 12 - 15. The height is 15", very bushy, fine foliage and shape. Suitable for edging, rock garden, and a gem for pot plant.

All of the above Chrysanthemums are 1.50 10.00

DIANTHUS Doz. 100

***Plumarius Little Gem.** A delightful new addition to the Dianthus family, of our own origination, being only 3 inches in height, and having deep rose pink flowers with maroon centers, which are 1½ inches in diameter, and bloom from May until killed by a heavy frost, it will stand the dry weather very well and in the dry summer of 1939, there was not a day that there was not a flower in bloom, and the succeeding wet weather seemed just as well to its liking as long as it does not get its feet wet. The flowers, which come about three to a spike, are just protuding above the foliage. Excellent for edging and the rock garden. 3.00 20.00

DIANTHUS Doz. 100

***Rose Cushion.** Dense Cushion of evergreen bluish foliage, with rose colored flowers in May. 1.50 10.00

FUCHSIA

***Magellanica.** This interesting shrub is in bloom all summer long until stopped by frost, the ruby-red pendent flowers are produced by the hundreds in full sun or light shade, a most interesting plant for rock garden or border, where it fits perfectly, they are specially adapted for shady places. We advise protection north of New York City. .. 1.50 10.00

HEATHERS

doz. 100

Having been requested continually for these useful plants, we have obtained a fair sized collection of these plants which will grow good in well drained spots in either rock garden or border.

CALUNA

Vulgaris alba.
Vulgaris alba minus compacta.
Vulgaris alba Searlei.
Vulgaris alba Villosa.
Vulgaris argentea.
Vulgaris aurea.
Vulgaris cuprea.
Vulgaris Hammondi
Vulgaris Humilis.
Vulgaris monstrosa.
Vulgaris rigidis.
Vulgaris rosea.
Vulgaris tenella.

ERICA

carnea.
tetraux.

All Heathers are 2.50 15.00

HELIOPSIS

†*Incomparabilis.* A greatly improved form which should do much to increase the popularity of this easily grown plant. During July and August, when cut-flower material is not plentiful, it produces large, almost double flowers of rich golden color, on strong branching stems. 2.50 15.00

LIATRIS

Doz. 100

†*Pycnostachya Gigantica.* This latest form of *Liatris Pycnostachya* is the best yet of all *Liatris* known. Its flower spikes reach to a height of 7 to 8 feet, and when in full bloom shows 30 to 36 inches of stem in bloom at one time. Excellent for border and cutting. August - September. 4.25 25.00

†*Pycnostachya Superba.* A new variety of improved qualities, having a spike of flowers 10 inches long, and 2 inches in diameter, and rich purple in color, blooming in late August or early September. 2.50 15.00

LIRIOPE

Doz. 100

**Muscari variegata.* Often mis-named *Ophiopogon*. 8 in. Showy deep blue flower spikes during July and August. A desirable border plant with narrow green foliage prettily striped with cream. Entirely hardy. 2.00 12.00

PAPAVER

Gold of Ophir. A Poppy of medium height, about 24 to 28 inches, coming to perfection when 2 year old or more.

PAPAYER (continued)

Doz. 100

The flowers are golden orange which develop into the nearest yellow of any Oriental Poppy. This tone of golden orange becomes more pronounced as the plant grows older. A unique Oriental Poppy.

2.50 15.00

Henry Cayeaux. Early, deep old rose shading to burgundy. Best grown in partial shade.

2.50 15.00

PHLOX

***Camlaensus.** This is reported to be a cross between Phlox Subulata Rosea and Phlox Amoena and is quite the loveliest dwarf phlox in existence today. The flowers are large and completely cover the plant, which grows about 8" high, in bloom in May and June. Lovely with tulips and a gem in the rock garden or as an edging plant for walks or beds.

2.50 15.00

***subulata nivalis sylvestris.** A strong compact growing type, producing rosy red flowers of huge size in abundance. It is the most brilliant Subulata Phlox in existence to date. We are sure this plant will be very popular as soon as it is better known. We recommend that you give it a fair trial this year.....

2.50 15.00

SPIREA

Venusta. (Lobata). Commonly called Martha Washington Plume, also King's Plume. A Noble plant growing about four feet high, producing in July and August handsome rosy carmine flowers which are delightfully fragrant. A desirable plant for the border or along a small brook.

2.50 15.00

VERONICA

†**Blue Spires.** Far superior to the well known Spicata. Growing two feet high, its lovely deep blue spikes show up well in the hardy border. The foliage is clean and plant is of bushy, upright habit and flowers throughout the early summer. A fine new introduction of real merit, and a plant which does withstand hot and dry weather without suffering. Altogether a very worthwhile border plant.

2.00 12.00

***incana rosea.** Silvery foliage and showy Pink flowers during July and August, 1 ft.

3.00 20.00

***Spicata alba nana.** A most pleasing form of Veronica spicata alba, growing only 8" high. Its pure white flowers are nicely offset by its dark green foliage. Good for edging and the rock garden. June - July.

2.00 12.00

***trehane.** One of the choicest Veronicas. The foliage is golden yellow, very striking. Blue flowers. 6 inches. May-June..

1.25 8.00

Other Perennials

ACHILLEA	Doz.	100
* ageratum. Ageratum like flowers, borne on 1 ft. stems, yellow, June-July.	1.25	8.00
* Clavenae. Silvery foliage, white flowers 8 inches, April-May.	1.50	10.00
† The Pearl. Sprays of small double white flowers, 2 ft., June-September.	1.00	6.00
* tomentosa. Neat cushions of bright green foliage and heads of yellow flowers. 8 inches. May-June.	1.00	6.00
ACONITUM (Monkshood)		
Fisheri. 2 ft. Dark blue. Sept.-Oct. ...	1.25	8.00
AETHIONENA. Lebanon Candituft.		
* Corridifolium. Bluish green foliage, pink flowers, 1 ft. May-June.	2.00	12.00
* iberideum. A dwarf, compact rock plant with gray leaves and white flowers. 8 inches. April-May.	1.50	10.00
AJUGA		
* reptans. A blue flowered trailer for the rock garden. 6 inches. April-May. ...	1.00	6.00
* reptans purpurea. Same as the above only deep colored brown foliage.	1.00	6.00
ALYSSUM		
* argenteum. Large, flat trusses of golden yellow flowers. 1 ft. May-June.	1.00	6.00
* montanum.. A first rate rock plant. Each of its prostrate stems terminates in a truss of rich yellow flowers. 4 inches. May-June.	1.25	8.00
* saxatile compactum. Basket of Gold. One of the most popular of spring flowering plants. Masses of yellow flowers. 9 inches. April-May.	1.00	6.00
* saxatile citrinum. A sulphur colored variety of the above.	1.50	10.00
ANCHUSA		
* myosotidiflora. Masses of bright blue, forget-me-not flowers. 1 ft. April-May.	1.50	10.00
ANEMONE		
* Pulsatilla. Large, bluish-purple cup shaped flowers. 1 ft. April-May.	1.25	8.00
* alba. A white variety of the above. Distinct and rare.	1.50	10.00
AQUILEGIA (Columbine)		
chrysantha. Soft yellow flowers. 3 ft. May - June.	1.00	6.00
coerula. Blue and white flowers with long spurs, 2 ft. May-June.	1.00	6.00
Mrs. Scott Elliott's Strain. This is probably the best strain of long spurred hybrids. Wide range of colors. 2-3 ft. May - June.	1.00	6.00

ARABIS (Rock Cress)		Doz.	100
* Alpina. One of the earliest Spring flowering plants. Very suitable for the rockery or border, with its masses of pure white flowers. 1 ft. April-May...			
	1.00	6.00	
* Alpina, fl. pl. A double form of the above.			
	1.50	10.00	
ARENARIA			
* Montana. One of the best rock plants for trailing over a ledge. Cascades of glistening white flowers in May.....			
	1.25	8.00	
ARMERIA (Thrift, Sea Pink)			
* maritima Lauchiana. Compact tufts of grass-like foliage entirely covered in May and June with globular heads of pink flowers. 6 inches.			
	1.00	6.00	
ARMERIA (continued)			
* maritima alba. Similar in growth to the preceding, but having white flowers. ..			
	1.50	10.00	
ARTEMISIA			
† lactiflora. Fragrant plumes of creamy white flowers on stout, erect stems. 5-6 ft. Aug.-Sept.			
	1.25	8.00	
† Silver King. Silvery leaves on 3-foot stems. Useful for cutting.			
	1.00	6.00	
ASCLEPIAS			
tuberosa. Clusters of bright orange red flowers. 2-3 ft. July-Sept.			
	1.00	6.00	
ASTER (Michaelmas Daisy)			
* Alpinus. May. Blue. 10 inches.			
	1.00	6.00	
* Alpinus albus. White.			
	1.00	6.00	
* subcoeruleus. Violet-Purple. 1 ft. May-June.			
	1.00	6.00	
† Amellus elegans. Undoubtedly the best of the Amellus varieties. Skyblue. 2 ft. July-August.			
	1.25	8.00	
† Frikarti (Wonder of Staffa). We consider this the best of the late summer and early fall flowering varieties. It is attractive in its neat upright free-branching habit of growth attaining a height of about 30 inches. The large, well-formed blooms are produced in great profusion from the middle of August until October. They are a lovely lavender-blue color.			
	3.50	25.00	
Countess of Dudley. 12 in. Clear pink flowers with a yellow eye. Sept.-Oct. ..			
	1.25	8.00	
Lady Henry Maddocks. Clear pale pink flowers on 12 in. compact plants. Sept.-Oct.			
	1.25	8.00	
Lilac Time. The well-rounded bushes completely covered by deep violet-blue blooms give a startling effect. It is a most colorful and outstanding variety. 15 inches. September.			
	1.50	10.00	
Little Boy Blue. Blue flowers, 18 in....			
	1.25	8.00	
Little Pink Lady. A pink form of the above.			
	1.25	8.00	

ASTER (continued)		doz.	100
* Mauve Cushion. Distinct from all other Asters, this variety forms a round, compact cushion that is entirely covered with delicate mauve flowers during October and November. 9 inches.			
	1.00	6.00	
Nancy. Bushy plants covered with pale flesh pink blooms. 12 in. September-October.			
	1.25	8.00	
Ronald. Pleasing shade of bright lilac pink. 12 in. September.			
	1.25	8.00	
Snowsprite. Semi-double white flowers, completely cover the plants in early September. 12 in.			
	1.25	8.00	
AUBRETIA			
* deltoidea. A dwarf, free flowering rock plant with pale lavender flowers. 4 in. April - May.			
	1.25	8.00	
BAPTISIA			
† australis. Sprays of dark indigo blue flowers. 3 ft. June-July.			
	1.00	6.00	
BOLTONIA			
† latisquama. Pink. 4 ft. Sept.			
	1.00	6.00	
BUPHTALMUM			
† salicifolium. Yellow flowers borne on 15-inch stems, good for cutting. May-June.			
	1.25	8.00	
CAMPANULA			
* carpatica. Branching stems bearing cup-shaped, blue flowers. 1½ inches or more in diameter. 1 ft. July-Aug.			
	1.00	6.00	
* carpatica alba. A white variety of the preceding.			
	1.00	6.00	
garganica. Forms a dense, compact tuft and bears a profusion of starry, violet-blue flowers. 4 inches. June.			
	2.00	12.00	
† Medium (Canterbury Bell). Blue, white, pink; separate. June.			
	1.00	6.00	
† Calycanthema (Cup & Saucer). . Blue, Pink and White. Separate. June.			
	1.00	6.00	
† persicifolia. Slender stems studded with blue, cup shaped flowers. 2½ ft. June-July.			
	1.00	6.00	
† Alba. A white form of the above.			
	1.00	6.00	
CARNATIONS—Hardy Border			
*† Mixed. Large double flowers, freely produced during June and July. 2 ft.			
	1.00	6.00	
CENTAUREA			
† Dealbata. Large and striking rose pink flowers. 2 ft. June-July.			
	1.00	6.00	
† Montana. Large, violet-blue flowers. 2 ft. May-June.			
	1.00	6.00	
† Montana Alba. A white form of the above.			
	1.00	6.00	
CERASTIUM (Snow-in-Summer)			
* Tomentosum. Silvery foliage which is covered with pure white flowers in May.			
	1.00	6.00	

CHELONE		Doz.	100
† Lyoni. Large, deep pink, tubular flowers. 2 ft. July-Sept.		1.25	8.00
CHEIRANTHUS (Siberian Wallflower)			
*† Allioni. Dazzling orange flowers from early Spring to late Fall. 1 ft. (Bien- nial).		1.00	6.00
CHRYSANTHEMUM			
*† maximum (Shasta Daisy). Splendid hardy perennials of easy culture and invaluable for cutting. Plant in good rich loam to bring out their beauty. 2 ft. June-July.....		1.00	6.00
† White Swan. Pure white double flowers, on strong, wiry stems about 24 inches in length, in bloom for Memorial Day		1.25	8.00
DELPHINIUM			
† Belladonna. Sky-blue flowers from June until frost. 3 ft.		1.00	6.00
† Bellamosum. Similar in habit and growth to the above but having dark blue flowers.		1.00	6.00
† Blackmore & Langdon's English Hybrids. This is indeed a wonderful strain. It has a range of colors well divided in the palest of blue shades to the deepest indigo, with a strong run of the most delicate shades of rose; double and single.		1.25	8.00
† grandiflorum (chinense). Gentian-blue flowers; finely divided foliage. 2 ft. June - August.		1.00	6.00
† grandiflorum album. A white variety of the last.		1.00	6.00
† Lamartine. Rich blue flowers. 3 ft. June - August.		1.00	6.00
† Summercloud. One of the best white varieties.		1.25	8.00
DIANTHUS			
* Allwoodii alpinus. Single and semi-double flowers in varying shades of pink. 4-5 inches. May-June.		1.00	6.00
† Allwoodii Jean. White flowers with crimson centers. 1 ft. June-Oct.		1.25	8.00
† Allwoodii Joyce. Rose pink with red centers. 1 ft. June-October.		1.25	8.00
* Arvernensis. A beautiful rose-colored Pink from the mountains of France; fragrant. 6 in. May-June.		1.25	8.00
Beatrix. A fine hardy garden pink, which is becoming very popular. The flowers are a lovely salmon-pink in color, very fragrant and freely produced in May and June.		1.50	10.00
* deltoides. (Maiden Pink). Pink flow- ered rock or border plant. 9 inches. June - July.		1.00	6.00

DIANTHUS (continued)	Doz.	100
* <i>deltoides albus</i> . A white variety of the last.	1.00	6.00
* <i>deltoides</i> . Brilliant . A vivid crimson variety.	1.00	6.00
† <i>plumarius fl. pl.</i> A first rate mixture of fragrant, beautifully frilled flowers, varying in color from white to crimson. Single, semi-double and double flowers. May-June.	1.00	6.00
* <i>neglectus</i> . A dainty alpine species bearing bright carmine flowers having a buff reverse. 6 in. May-June. (Rare).	1.25	8.00
DIELYTRA		
* <i>eximea</i> . Dainty, fern-like foliage and pendulous lyre shaped flowers of a pleasing shade of pink. 1 ft. May-September.	1.25	8.00
<i>spectabilis</i> (Bleeding Heart). 3 to 5 eyes.	2.00	12.00
5 eyes up.	2.50	15.00
DIGITALIS (Foxglove)		
† <i>Gloxinaeflora</i> . Pink, purple, white; separate.	1.00	6.00
† <i>Isabellina</i> . (New). Yellow, 3-4 ft.	1.25	8.00
† <i>The Shirley</i> . A new strain of large size. Colors range from white and shell-pink to deep rose. 5 ft. May-June.	1.00	6.00
DORONICUM—Leopard-bane.		
† <i>Caucasicum</i> . Large, bright yellow, daisy-like flowers. One of the most effective early spring-flowering perennials. It is a splendid flower for cutting as it carries well and stands a long time in water. They succeed well anywhere. ..	2.00	12.00
† <i>Clussii</i> . Sulphur yellow, large flowered.	2.00	12.00
† <i>Excelsum</i> . A most effective early spring-flowering perennial. Grows 2 feet high and has showy bright yellow blooms. ..	2.00	12.00
DRACOCEPHALUM		
* <i>Ruyschianum</i> . Forms a clump of many stems, each one being thickly covered with purple blue, tubular flowers, 1 ft. May.	1.25	8.00
ECHINACEA		
† <i>purpurea</i> . Large, pinkish purple flowers with cone shaped, orange red centers. 3 ft. July-August.	1.00	6.00
ERIGERON		
† <i>speciosus</i> . Purplish lilac, daisy-like flowers. 2 ft. July-August.	1.00	6.00
ERIOPHYLLUM		
* <i>Caespitosum</i> . Finely cut, grey foliage, producing masses of yellow daisy-like flowers from May to August. 1 ft.	1.25	8.00
ERYSIMUM		
* <i>Rupestre Aurantiacum</i> .. Fine, dwarf rock plant. Orange flowers. Rare.	1.25	8.00

EUPATORIUM

Doz. 100

- †**coelestinum**. Masses of blue, ageratum-like flowers. 2 ft. Aug.-Oct. 1.00 6.00
- ***Fraseri**. Feathery, white flowers. 2 ft. July - September. 1.00 6.00

EUPHORBIA

- †**corollata**. Masses of pure white, flower-like bracts. 2 ft. Aug.-Sept. 1.00 6.00
- ***polychroma**. A conspicuous object in spring. It has a bushy, much branched habit, each branch bearing a head of bright yellow bracts. 2 ft. April. 1.25 8.00

FUNKIA

- †**undulata variegata**. Creamy white and green variegated leaves. 1.25 8.00

GAILLARDIA

- †**Burgundy**. (New) Large, deep red self-colored flowers. 2 ft. June-Sept. 1.25 8.00
- †**grandiflora**. Flowers range in color from old gold to crimson. 2 ft. June-September. 1.00 6.00
- ***Goblin**. Dwarf. Golden yellow flowers with deep red zones. 15 inches. All summer. 1.50 10.00
- †**Tangerine**. Brilliant tangerine orange, self-colored flowers of splendid effect for the border or for cutting. 1.50 10.00
- †**The Dazzler**. Large, bright golden flowers with red maroon centers. 2 ft. June-September. 1.00 6.00

GERANIUM

- ***Sanguineum**. Attractive foliage and bright crimson flowers. All summer. 9 inches. 1.25 8.00

GEUM

- ***Fire Opal**. Dazzling orange-scarlet with rich orange sheen. The flowers are often 3 inches across on 2-ft. stems, abundantly produced from May to end of October. Very hardy and strong grower, excellent foliage. Should be in all gardens. 2.00 12.00
- †**Princess Juliana**. A splendid new hybrid with large double pure orange flowers on long stems. An exceedingly free bloomer. 2.00 12.00

GLOBULARIA

- ***tricosantha**. A low growing rock plant bearing globular heads of pale blue flowers arising from tufts of shiny green foliage. 6 inches. May-June. 1.50 10.00

GYPSOPHILA—BABY'S BREATH

- †**Bristol Fairy**. 3 ft. This variety when first introduced was quite a sensational novelty and has, without doubt, proved to be the most valuable hardy garden plant in recent years. Has great panicles of pure white double flowers so indispensable for cutting. It also posses-

GYPHOPHILA (continued)

Doz. 100

ses the advantage of flowering more or less continuously throughout the entire summer months.

Strong field grown plants. 2.50 15.00

2-Inch Pot Plants 1.50 10.00

†**Oldhamiana**. A new introduction which received an Award of Merit at the Royal Horticultural Society, London, in 1935. It resembles *paniculata* in habit but the panicles are more compact and the individual flowers are somewhat larger. It flowers from August to October and the color is pink, an uncommon color at this time of the year. It is valuable either for cutting or as a border plant. 1.25 8.00

†**pacifica**. Loose panicles of pink flowers. 2½ ft. July-September. 1.25 8.00

†**paniculata**. Cloud-like masses of small white flowers. 2½ ft. July. 1.00 6.00

†**Paniculata fl. pl.** 3 ft. Graceful plants suited to a sunny position. Has lovely small white double flowers borne profusely in July. 3.00 20.00

***repens**. Dwarf trailer; small white flowers. May-July. 1.00 6.00

HELENIUM

Strong-growing plants, valuable for producing late summer and fall effects in woodland or herbaceous border. Also useful as a cut-flower.

†**Bigelowi**. Yellow, good for cutting.... 1.25 8.00

†**Gaillardiaeflorum**. The flowers are like a *gaillardia*. 3 ft. 1.25 8.00

†**Golden Youth**. Bright yellow flowers, with purplish black disk. 1.25 8.00

†**Moerheim Beauty**. 2½ feet. Broad bronzy red ray florets shading to orange at the tips. Blooms in late summer... 1.50 10.00

†**Riverton Beauty**. 4 ft. Clear yellow flowers with black centers. August-September. 1.25 8.00

†**Riverton Gem**. 4 ft. Rich mahogany-red flowers. August-September. 1.25 8.00

†**superbum**. 4 ft. Yellow. August-September. 1.00 6.00

†**Hoopesi**. 2 ft. Large heads of deep yellow flowers. June-July. 1.25 8.00

HELIANTHEMUM

(**Rock Rose**). Free flowering, dwarf, ever-green shrubs which make a brilliant show on the rock garden during June. The following named varieties are much superior to mixed seedlings:

***Fireball**. Brilliant scarlet. 9 inches.

***macranthum**. Large creamy white. 6 inches.

***Mrs. Earle**. Double scarlet flowers. 6 inches.

HELIANTHEMUM (continued)		doz.	100
* praecox. Large, soft yellow flowers. Silvery foliage.			
* rhodanthe carneum. Clear pink flowers. Silvery foliage. 9 inches.			
* Rose Queen. Pink flowers. 1 ft.			
All Helianthemus are		1.50	10.00

HELIANTHUS

† Multiflorus Fl. Pl.. Clear double yellow; closely resembling a ball dahlia in shape. Excellent for cutting. 4 ft. Flowering divisions.	50	3.00
--	----	------

HELIOPSIS

† Pitcheriana. Golden yellow flowers all summer. 3 ft.	1.00	6.00
† Scabra Zinniaeflora. Semi double orange yellow flowers. 2½ ft. July-Aug.	1.25	8.00

HEUCHERA—Coralbells

*† Sanguinea. Excellent rock or border plant growing about 12 to 18 in. high. Blooms profusely, having flowers of bright crimson in June to Sept. Ideal for cutting. Likes a well drained, fairly rich soil in sun or part shade.	1.00	6.00
*† Perry's White. Pure white flowers which go well with the red and pink varieties, flowering from June to September.	1.50	10.00
*† Pluie de Feu. Graceful spikes of dazzling crimson flowers. 1½ ft. May-June.	1.50	10.00
*† Rosamunde. Coral-pink flowers. 2 ft.	1.25	8.00

HIERACEUM

villosum. A good border plant with hairy, silver grey leaves and yellow flowers, borne on 15 inch stems. May-June. Unlike its name-sake, H. Aurantiacum, it is a very slow grower, and can be left several years in the same place without transplanting.	1.25	8.00
---	------	------

HOLLYHOCK

Double Crimson.		
Double Deep Rose.		
Maroon.		
Newport Pink.		
Double White.		
Double Yellow.		
All Hollyhocks are	1.00	6.00

HYPERICUM

* Fragile. A compact trailing rock plant with yellow flowers. 5 in. May-June.	1.25	8.00
* Olympicum. A trailing rock plant having gray foliage and bearing very large, bright yellow flowers. 6 in. June-July.	1.25	8.00

IBERIS—Candytuft

Doz. 100

- ***Gibraltarica.** A lovely rock plant with dark evergreen foliage on stems of maroon. During late May and June it is covered with beautiful lilac colored flowers. Will grow in ordinary good soil. Attains a height of 8 to 10 inches when in bloom. 1.25 8.00
- ***Little Gem.** 6 in. Very dwarf with a neat compact habit of growth. Pure white flowers in May and June. 1.50 10.00
- ***Sempervirens.** 1 ft. Rich dark evergreen foliage with masses of white flowers in Spring. 1.00 6.00
- ***Snowflake.** A great variety 6 to 8 inches high, having exceptionally large, pure white flowers borne in great masses during May and June. 1.50 10.00

INCARVILLEA

- Delavayi.** A somewhat rare plant of exceptional merit. The flowers are tubular in shape, like those of *Bignonia grandiflora*; they are dainty pink in color, the throat being streaked with purple. They are borne in clusters of six to twelve flowers on stout erect stems. July. Strong flowering roots... 1.50 10.00

INULA—Feabane

- ***Ensifolia.** A perennial for edge of borders and for cutting. Has bright golden blossoms in July and August. The plant grows about 12 in. high and is of a bushy nature. Does well in any ordinary soil and in sunny position. 1.25 8.00
- ***Glandulosa.** 2 ft. little known plant of rare beauty. The flowers are golden yellow and fully five inches across, with long, thread-like gray petals. June-July. 1.25 8.00

GERMAN IRISES (*Iris germanica*)

Their beauty outrivals that of the orchid in their delicacy of structure and wide range of colors. No garden is complete without them, and a very delightful garden can be made with nothing but them, as they are especially adapted for flower-borders, shrubberies, woodland walks, and for surrounding lakes and ponds, if planted well above the water-level.

- †**Albert Victor.** S—Light blue, F—Darker blue.
- †**Ambassadeur.** S—Pale bronze violet. F—Velvety violet red.
- †**Bucata.** S—Pale yellow, F—Reddish.
- †**Chester Hunt.** S—Pale blue, F—Purple.
- †**Florentina.** S. & F.—Pale yellow.
- †**Honorabilis.** S.—Yellow. F.—Mahogany.
- †**Jeanna d' Arc.** S. & F.—White. Heavily suffused in violet.

GERMAN IRISES (continued)		doz.	100
†King of Iris.	S.—Clear lemon. F.—Deep satiny brown.		
†Kochii.	S. F.—Large, dark violet.

†Pallida dalmatica.	S. & F.—Fine blue.		
†Perfection.	S. & F.—Purple.		
†Princess Victoria Louisa.	S.—Sulpher yellow. F.—Purple.		
†Queen Catharina.	Pale lavender violet.		
†Queen of May.	S. F.—Pink.		
†Rhein Nixe.	S.—White. F.—Deep violet blue, striped white.		
All of above varieties		1.00	5.00

IMPERIAL JAPANESE IRIS (*Iris Kaempferi*)

These noble Irises are the most beautiful of the species and are becoming more popular each season. They begin blooming about the middle of June and continue for about five to six weeks. While they succeed in almost any soil and under any condition, they delight in a rich deep moist position.

†Azure.	Double Blue with yellow base.		
†Betty Holmes.	Large white, Orange Center.		
†Blue Danube.	Blue with white vines. Yellow center.		
†Catharine Parry.	Blue overlaid rose red high tufts in center.		
†Eleanor Parry.	Double Claret red with white and blue flush.		
†sgl. Ethel Marshall.	Ivory white, splashed and veined dark violet.		
†Fascination.	Double. Soft lavender.		
†Mount Hood.	Double rich royal purple with yellow center.		
†Purple & Gold.	Double, purple and gold streaked.		
†Pyramid.	Double, dark violet with bright yellow blotch.		
†Red Ridinghood.	Single red.		
All Japanese Iris are		1.50	10.00
†Japanese Iris Mixed.	Splendid mixture of the above.	1.25	8.00

VARIOUS IRISES

*Cristata.	4 in. dwarf, fairy-like plant with soft blue, orange-striped flowers. Easily grown in a rather moist, partially shaded position. May.	1.50	10.00
*Pumila cyanea.	9 in. Violet-purple. May.	1.00	6.00
*pumila lutea.	A yellow form of the above.	1.25	8.00
*pumila the Bride.	A white form.	1.25	8.00

VARIOUS IRISES (continued)		doz.	100
† <i>Sibirica</i> (Siberian Iris). 2 to 3 ft. A variety distinguished by its tall, grass-like foliage and numerous violet-colored flowers that are borne on slender stems. May and June.		1.00	6.00
† <i>Sibirica</i> , <i>Snow Queen</i> . A variety of great merit. Flowers snow-white.		1.00	6.00
LAVANDULA—Lavender			
* <i>Vera</i> . A delightful, old-fashioned perennial having fragrant blue flowers in July and August. Likes a rather dry, medium soil and a sunny position. A compact bushy plant with lovely grey-green fragrant leaves. Height, 13 in. Suitable for border or rock.		1.25	8.00
* <i>Munstead Variety</i> . A dwarf form of the foregoing. 9 inches. May-June.		2.00	12.00
LIATRIS (Blazing Star)			
† <i>Pycnostachya</i> . Long straight stalks 4 ft. high with spikes 1 to 3 ft. long of rosy-purple flowers. The <i>Liatris</i> , unlike other flowers, commences to bloom at the top of spike, and blooms downward. Good for cutting. July-August.		1.00	6.00
† <i>Pycnostachya Late</i> . Similar to the above but blooms a month later. August-September.		1.25	8.00
† <i>Scariosa Superba</i> . Greatly improved type very showy. Large, well-spaced tassel-blossoms of rosy purple on long spikes. The best and most desired <i>Liatris</i> in the cutflower market. 5 ft. Sept.		1.00	6.00
† <i>Spicata</i> . Reddish purple. June-July...		1.00	6.00
LINUM—Flax			
<i>Flavum</i> . An attractive and profusely blooming perennial suitable for border or rock garden. Grows 1 foot high and has lemon yellow flowers from June to August. Grows in sandy or ordinary light, well drained soil and prefers sun.		1.00	6.00
* <i>Flavum manum compactum</i> . A dwarf form of the above.		1.50	10.00
<i>perenne</i> . A beautiful border plant producing a profusion of pale blue flowers on upright stems 2 ft. high. A new crop of blooms every day. A very graceful and desirable plant.		1.00	6.00
<i>perenne album</i> . A white form.		1.00	6.00
LOBELIA—Indian Paintbrush			
<i>Cardinals</i> (Cardinal Flower). One of the most attractive of border plants. Also ideal for waterside. It requires a moist position in sun or part shade, to do well. Has rich, fiery cardinal flowers. Often producing 4 to 6 spikes, 24 to 30 inches high.		1.25	8.00

Varieties marked (*) recommended for Rock Gardens

MERTENSIA—Blue Bells		Doz.	100
Virginica. An interesting native plant. 1½ ft. Pinkish buds opening to lovely clear blue flowers. May-June.			
		1.25	8.00
MYOSOTIS—Forget-Me-Not			
Palustris semperflorens. Noted for its magnificent blue-colored flowers. 9 in. Light blue flowers during June.			
		1.00	6.00
NEPETA—Catmint			
*Mussini. A plant especially good for the rock garden. Of dwarf, compact nature, producing masses of blooms of lavender color all spring and intermittently during the summer. One of the most popular of rock plants or edging plants. Does well in ordinary soil that is well drained. Prefers sunny position. Height 1 foot.			
		1.00	6.00
OENOTHERA—Evening Primrose			
*Missouriensis. A low growing plant used chiefly for the rock garden and border. Blooms abundantly from June until August. Require a well drained, medium sandy soil and a sunny position. Has beautiful large yellow flowers. Height, 6 inches.			
		1.25	8.00
PAPAVER ORIENTALE—Oriental Poppy			
Orientalis. The plant that gives that gorgeous display of large cup-shaped, bright orange scarlet flowers in May and June. They do well in any well drained soil in sunny position.			
		1.00	6.00
Beauty of Livermere. (Deep Cherry Red).			
		1.50	10.00
May Sadler. (Salmon Pink).			
		1.50	10.00
Mrs. Perry. (Apricot Pink).			
		1.50	10.00
Perry's White. (White).			
		1.50	10.00
Wurtembergia. (Rose Red).			
		1.50	10.00
PHLOX			
No other plant will make as bright a show in mid-summer. The improved varieties offered today embrace a wide range of colors to please any taste. They make a profitable item because they are hardy, reasonable in price, easy to handle and can be moved at any time.			
Antonin Mercier. Lilac, white eye.			
		1.25	8.00
B. Comte. Rich wine red.			
		1.25	8.00
Border Gem. A distinct novelty, dark purple.			
		1.25	8.00
Caroline van der Berg. Striking Laven-ender Blue.			
		1.25	8.00
Diplomat. Large white.			
		1.25	8.00
Firebrand. Large vermillion scarlet.			
		1.50	10.00
George Stipp. Glowing Salmon. Large flowers.			
		1.25	8.00
H. B. May. A new lilac rose.			
		1.25	8.00
Jules Sandeau. Large heads of water-melon pink.			
		1.25	8.00

PHLOX (continued)	doz.	100
Leo Schlageter. Brilliant Scarlet.	1.25	8.00
Lillian. Soft pink, large trusses, early...	1.50	10.00
Painted Lady. Soft pink, deep center. ..	1.25	8.00
Pastel Pink. A good pink.	1.25	8.00
Rynstroom. Rosy pink.	1.25	8.00
Thor. Deep salmon pink.	1.25	8.00
Tigress. Brilliant orange scarlet.	1.50	10.00
Wanadis. Violet with white center.	1.00	6.00
Widar. Violet blue white eye.	1.25	8.00
Miss Lingard. Early white faint pink eye.	1.25	8.00
Miss Verboom. Like the above, only pink	1.25	8.00

PHLOX SUBULATA—Moss Pinks

An early spring flowering type with pretty, moss-like evergreen foliage. During April and May the plant is hidden under the mass of bloom. Very good for the rockery, edging the border or carpeting.

Alba. Mosslike foliage, white flowers. 6 inches. April-May.	1.00	6.00
Appleblossom. An uncommon and distinct variety whose name accurately describes the color of its flowers. 6 in.	1.25	8.00
atrolilacina. (Blue Hill). Deep lilac flowers, close to blue.	1.25	8.00
Atropurpurea. Brilliant). Intense red flowers.	1.00	6.00
Brightness. (New). Clear pink.	1.50	10.00
G. F. Wilson. Pale lilac. Free bloomer..	1.25	8.00
Lilacina. Lilac. 9 inches.	1.50	10.00
Lilac Queen. Dark rosy lilac. A good color. (New).	1.50	10.00
May Snow. (New). A good white and free bloomer.	1.50	10.00
Moerheimi. A good pink no eye.	1.00	6.00
Nelsoni. A dwarf white, not so rampant grower. 3 inches.	1.25	8.00
Ronsdorf Beauty. (New). Brilliant Salmon.	1.50	10.00
rosea. Pink, red eye.	1.00	6.00
Samson. (New). Large deep rose. In our opinion the best Phlox subulata on the market today.	1.50	10.00
Snow-White. (New). As dainty white as Snow-white herself.	1.50	10.00
Starlight. (New). Salmon pink.....	1.50	10.00
*carolina. Reddish pink flowers. 1 ft. May-June.	1.00	6.00
*divaricata. Large, lavender-blue flowers. May.	1.25	8.00

PHYSOTEGIA—False Dragon Head

Virginica. Handsome plants of easy culture for the sunny border. Flowers are delicate pink borne on spikes 3 ft. July-August.	1.00	6.00
alba. A white variety.	1.00	6.00
Vivid. Bright pink. 1½ ft. Aug.-Sept..	1.00	6.00

PINK—Hardy		Doz.	100
Excelsior.	Delicate rose pink.	1.25	8.00
Her Majesty.	Pure white.	1.25	8.00
Homer.	Deep rose with darker center. ..	1.25	8.00
Juliette.	White, laced crimson.	1.25	8.00

PLATYCODON—(Balloon Flower)

Grandiflora.	3 ft. Showy, deep blue flowers produced all Summer. An excellent hardy plant.	1.00	6.00
Grandiflora Alba.	A white form of the above.	1.00	6.00

PLUMBAGO (Lead Wort)

*Larpentae.	6-8 in. One of the finest dwarf border and rock plants. Forms masses of dark green leaves covered with intense blue flowers in late Summer and Fall.	1.25	8.00

POLEMONIUM—Jacobs Ladder

*Blue Pearl.	(New). Has finely cut, deep green foliage and showy spikes of baby-blue flowers in April and May. Sun or shady places. 9 inches.	1.50	10.00
---------------------	---	------	-------

Coeruleum.	A fine border plant that is full of color during May and June. Flowers are blue with a golden center, prettily spaced on full spikes 18 inches tall. Plant in sunny position in a well drained soil. Has very pretty lacey foliage.	1.25	8.00
-------------------	--	------	------

*Reptans.	Graceful foliage and showy blue flowers. Should be planted in shady places. 8 in. April-May.	1.25	8.00
------------------	---	------	------

Richardsoni.	Attractive foliage and spikes of clear blue flowers. 1½ ft. May. ...	1.25	8.00
---------------------	--	------	------

POTENTILLA

*Verna nana.	Compact evergreen creeper with dainty yellow flowers, almost stemless.	1.25	8.00
---------------------	---	------	------

PRIMULA—Primrose

*denticulata Hybrida grandiflora.	Mixed.	1.50	10.00
--	-------------	------	-------

*Veris, Hybrids.	One of the finest plants for the rock garden. The many colors are very brilliant, ranging in colors of lilac, purple, violet, buff, orange, salmon yellow and rich reds. They bloom heavily during May and June. This variety is very hardy and easily grown. Requires a shady position in a moist well drained soil.	1.25	8.00
-------------------------	--	------	------

*Veris Aurea.	Yellow.	1.25	8.00
----------------------	--------------	------	------

*Veris Munstead Strain.	A giant flowering form of Primula Veris.	1.25	8.00
--------------------------------	---	------	------

PYRETHRUM—(Painted Daisies)

*Mixed Hybrids.	2 ft. Our general mixture is grown from seed of selected plants. The flowers are produced on long stems during May and mostly in shades of pink and red.	1.00	6.00
------------------------	---	------	------

	Doz.	100
ROSEMARINUS. (Rosemary.) <i>Officinalis</i> ..	1.50	10.00
SALVIA—(Sage)		
† Pitcheri. 3 ft. One of the most desirable Fall blooming plants, of upright branch- ing growth with spikes of rich blue flowers in Sept. and Oct. Recommended to replace the variety <i>Azurea</i> which is not so desirable.	1.25	8.00
SANTOLINA—(Lavender Cotton)		
incana. Dwarf evergreen with grey green foliage useful as rock garden or border plants.	1.25	8.00
SAPONARIA—Soapwort		
* Ocymoides splendens. An easily grown plant, suitable for the rock garden and margins of sunny borders. Plants are compact, yet trailing, forming the shape of a mound. Flowers are rosy pink, produced in great quantities just above the foliage in late May and June. Does well in most any good soil.	1.00	6.00
SCABIOSA—(Pin-Cushion Flower)		
† Caucasia. 2 ft. Long stemmed good sized flowers in various shades of lav- endar starting to bloom in June and continuing until Sept.	1.25	8.00
† Caucasica alba. A white variety.	1.50	10.00
† House's Strain. A very suburb of the above.	1.50	10.00
Fisheri. Rich, deep violet blue, blooms all summer, excellent plant for border and cutting.	1.50	10.00
SEDUM		
* acre. Vivid green, moss-like foliage and yellow flowers. 4 inches. May.	1.00	6.00
* aureum. A variety of the above having the tips of the young growth in spring a bright yellow.	1.00	6.00
* Album. Thick, waxy round foliage, white flowers. 6 inches.	1.00	6.00
* pulchellum. An attractive species with pink flowers arranged in a head of five or six spreading branchlets. 9 inches. May - June.	1.25	8.00
* sexangulare. Green foliage and yellow flowers. 6 in. May.	1.00	6.00
* Sieboldii. Fleshy, gray leaves and pink flowers. 9 inches. Aug.-Sept.	1.25	8.00
* stoloniferum. Pink flowers on prostrate, trailing stems. 6 inches. June.	1.00	6.00
spectabile. Large, flat heads of rosy pur- ple flowers. 1½ ft. Aug.-Sept.	1.00	6.00
spectabile Brilliant A deeper colored vari- ety than the preceding, being a vivid amaranth red.	1.25	8.00
* ternatum. Large trusses of white flowers in April. 6 inches.	1.25	8.00

Varieties marked (*) recommended for Rock Gardens

	Doz.	100
SEMPERVIVUM—Houseleek)—(Hen & Chickens)		
* arachnoideum. Rosettes of succulent, pale green leaves covered with silky hairs resembling cobwebs.	1.00	6.00
* atropurpurem. Medium size rosettes turning red in early fall.	1.25	8.00
* atroviolaceum. Forms rosettes, more than 6 inches in diameter, of purplish red leaves and bears pink flowers on stems 18 inches high.	1.25	8.00
* fimbriatum. Green rosettes tipped bronze; dark rose flowers.	1.00	6.00
* globiferum. Pale green rosettes and attractive pink flowers.	1.00	6.00
* triste. A distinct species with dull red rosettes.	1.25	8.00
SIDALCEA		
† Rosy Gem. Rose pink flowers, resembling small Hollyhocks, on erect, wiry stems.	1.25	8.00
SPIREA		
*† Filipendula. 18 in. Dainty fern-like foliage with clusters of creamy white flowers on long stems in June.	1.00	6.00
*† Filipendula fl. pl. A double flowered form of the last but dwarfer in growth. 1½ ft.	1.25	8.00
† Ulmaria. (Meadow Sweet). Creamy white flowers. 2½ ft. June-July.	1.00	6.00
STATICE		
† Latifolia. Branching flower stems bearing countless, small, purplish-blue flowers, good for cutting and drying. 1½ ft. July - August.	1.25	8.00
STOKESIA		
† Cyanea. Very large, azure blue flowers on strong stems. 1½ ft. August to October.	1.00	6.00
SWEET WILLIAM—Dianthus barbatus		
† Holborn Glory. Giant-flowering varieties in finest assortment of colors.	1.00	6.00
† Newport Pink. A lovely salmon or Watermelon pink variety of exceptional beauty.	1.00	6.00
† nigrescens. Deep red flowers.	1.00	6.00
† Pure White. Has very large individual blooms combining into massive flower trusses.	1.00	6.00
† Scarlet Beauty. Highly valued for its rich crop scarlet blooms.	1.00	6.00
* Midget Double Mixed. A splendid new double-flowered form of the lovely new type. Very compact and exceptionally colorful.	1.25	8.00
* Midget Single Mixed. (New). A very showy, very low-growing and compact Sweet William in a beautiful range of colors. Only 6 inches high.	1.25	8.00

TEUCRIUM		Doz.	100
* Chamaedrys. Shining green leaves and rosy flowers. 9 inches. June.		1.00	6.00
THALICTRUM			
† aquilegifolium purpurem. Columbine-like foliage and feathery heads of Pinkish purple flowers. 2½ ft. June-July..		1.25	8.00
THERMOPSIS			
† Caroliniana. Suitable for the sunny border. A lovely lupine-like plant with rich green foliage, growing about 2 ft. Flowers are produced on spikes 6 to 12 inches long, which appear like a yellow lupine. They grow well in any well drained soil.		1.25	8.00
THYMUS			
* Lanuginosus. Plants form a solid mat of wooly leaves covered in June - July with pink flowers.		1.25	8.00
TRITOMA—Red Hot Poker			
† Pfitzeri. A fine plant for the border and cutting. Flowers are of a rich scarlet color, borne on tall spikes, blooming in late summer to October.		1.25	8.00
† Tower of Gold. A beautiful contrast to the preceding variety with the exception that the flowers are a rich golden yellow.		3.00	20.00
TROLLIUS			
† Europaeus superbus. 2 feet. Glorified large globe-shaped Buttercups of waxy lemon yellow color.		2.00	12.00
† Europaeus, Orange Globe. Desirable free-flowering plants, producing their giant orange-yellow, buttercup-like blossoms on stems 1 to 2 feet high from May until August; succeeds admirably in the border in a half-shady position.		2.00	12.00
TUNICA			
* Saxifraga. A pretty dwarf with grass like foliage. Throughout the early summer it is covered with misty pink flowers. Useful in rock garden or edging the border. Will do well in any ordinary soil.		1.00	6.00
* Saxifraga fl. pl. A double flowered variety of the above. It's rose colored flowers are freely produced all summer.		1.25	8.00
VALERIANA			
† officinalis. A strong growing and free flowering plant bearing heads of pale pink flowers. 3-4 ft. June-July.		1.00	6.00
VERONICA			
* Incana. A gem for the rockery or low border, with its unusual contrast between foliage and flowers. Has narrow silver leaves in neat tufts, from which arise dainty spikes of violet-blue flowers. Very good for edging garden paths. ..		1.00	6.00
